New Testament Survey Course Outline

New Testament Survey 1 Credit

Text: The Ministry of Christ by Francis Breisch Jr

Other Materials: Bible; Answer Key

Introduction

An understanding of God's Word is so basic to growth in the Christian faith, that the reasons for a course such as this need not be stated...almost. It is a sad fact that many attempt to live the Christian life today with a minimal knowledge of the Bible. We talk much of the importance of applying God's Word in our daily lives, but we lack even the most basic facts to make this possible. The purpose of this course is to guide students through an overview of the New Testament. The goal is straight forward. The student will get out of this course what they put into it. Little effort will produce little fruit.

Follow the study guide as closely as possible. It is set out in the form of lessons. Students may move through each lesson as quickly as they can handle. For some it will mean one lesson a day. For others, it may mean a lesson every few days. No matter the chosen pace, it is most important that the work be mastered before each test is written. Send in each evaluation as it is completed. **Each test will be equally weighted toward your final grade.** The student will also be required to read selected books in the New Testament. There is a sheet in this course outline that lists the books as well as a place for a parent to sign, affirming that the assigned work has been read. **These readings are valued at 30 % of the final grade.** Please send this sheet in as you complete the readings. It will be returned once progress has been recorded.
